

MiZA Webinar

September 14th - 2pm CEST

***Transitioning a nation to zero
waste by 2050 - A conversation
with Dr Andy Rees OBE***

Andy Rees

The Moderator

Kaisa Karjalainen

Mission Zero Academy Coordinator

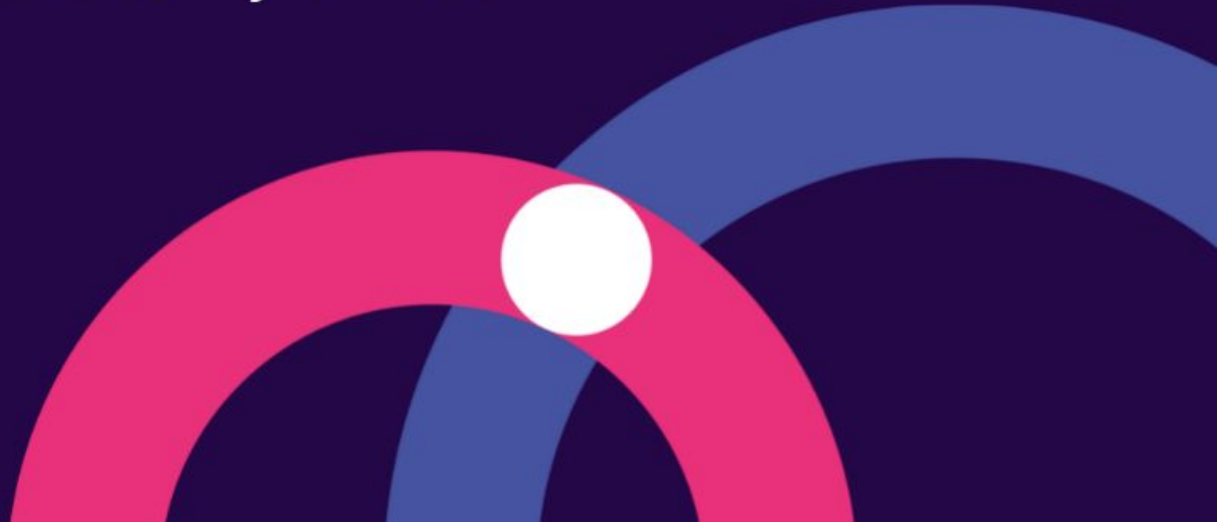

The Speaker

Dr Andy Rees OBE

Head of Waste Strategy in the Welsh Government's Resource Efficiency and Circular Economy Division

Where was Wales' at in
terms of performance
10-15 years ago?

Recycle more

recycle for Powys
ailgylchu dros Bowys

Plastic

Paper

Food Waste

Glass

Papur

Food Waste

Gwy

How has Wales reached number 3 in the world recycling league table?

What inspired this
change and how
was it so successful?

What were the
biggest challenges
the government had
to overcome?

What role have local authorities played in this success?

Can you share good examples of local-national collaboration?

Does Wales' Zero Waste strategy have broad political agreement and support across the government?

A person wearing a black cap and a dark jacket is holding a large, rectangular cardboard sign. The sign has the text "CHANGE THE POLITICS" written in large, bold, black letters with a white outline. Below this, there is a black arrow pointing to the right, followed by the text "NOT THE CLIMATE" in the same style. In the background, other people are visible, including one with a pink and black patterned backpack. To the left, another sign is partially visible with the text "K o!strejk" and "klimate" and a small globe icon.

CHANGE THE POLITICS
→ NOT THE CLIMATE

**What are the plans now
for Wales, moving
towards consistency in
recycling collection
across all waste
sectors?**

What remain the biggest waste streams needing to be tackled? What plans are in place to overcome these issues?

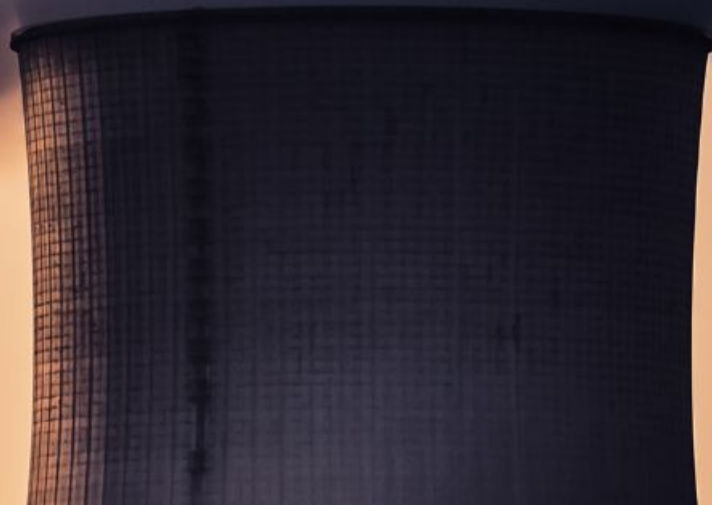

How has Covid-19
affected your zero waste
plans?

How have Welsh citizens reacted to the government's recycling programme and now ZW strategy?

**How does zero waste
can help fight climate
change?**

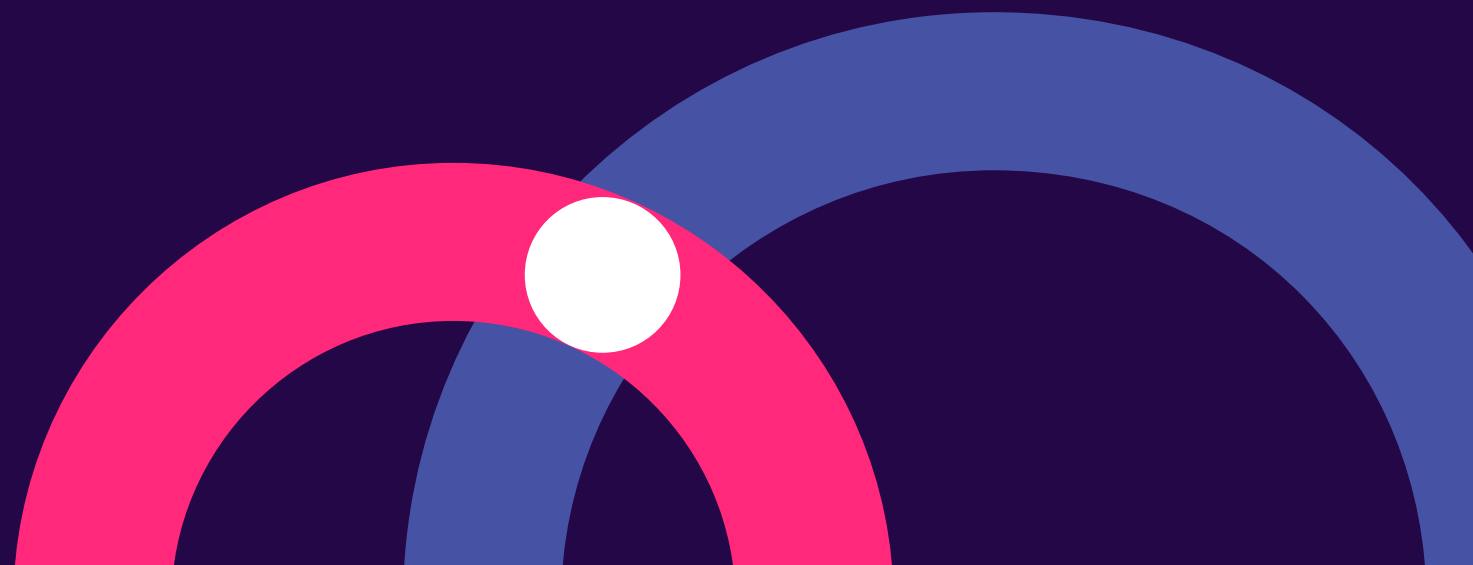

**Proudest moment -
Recommendation**
